

### REMARKS

In response to Examiner's suggestion presented to the undersigned on June 6, 2008, the Applicants submitted Proposed Supplemental Examiner's Amendment submitted on June 6, 2008 proposing amendments to typographical and clerical errors in Claims 1 and 18 resulting from the original Examiner's Amendment mailed on May 7, 2008. The Supplemental Examiner's Amendment issued with the Supplemental Notice of Allowability on June 26, 2008 included all proposed amendments but one: adding a comma separating the phrase "area confidence level" from "the text confidence level" in element (f) of Claim 1.

This Amendment Under 37 C.F.R. § 1.312 is presented to correct the above clerical error still present in Claim 1. Applicants respectfully submit that no new matter has been added to the present application by the above amendments, that no new issues of patentability are raised by the above amendments, and that the above amendments were raised in timely fashion as previously presented in the Proposed Supplemental Examiner's Amendment. Entry of the foregoing amendments before issuance of a patent on the present application is respectfully solicited.

Additionally, Applicants graciously thank Examiner for his diligent attention to this matter.

Respectfully submitted,
